

Fundraising off to a great start

Wee Waa High School SRC going to be a busy group this year

March 4 saw Wee Waa High School's School Representative Council stage its first fundraiser for the year.

Always well supported, the mufti day had a football theme and students came wearing the colours of their favourite football team.

It was all for a good cause with students making a gold coin donation to the SRC for the privilege of coming out of uniform.

In addition to raising more than \$100, the day also raised awareness about the good work of the SRC within the school as it strives to improve stu-

dent amenities and contribute to some international aid programs.

In the SRC's planning for this year is the annual school social, assistance with the Senior Citizens Week luncheon at the Bowling Club and Relay for Life, where many members of the SRC will be volunteering as wait staff at the survivors afternoon tea.

SRC co-ordinator Patrick Legge said that: "this year the group will be surveying all students to gain their thoughts on how student life at Wee Waa High School can be further enhanced".

"The feedback we receive will guide us in our planning for this year's activities," he said.
